

Nikolaus Pitkowitz

Cyber Security

Protecting Communications and Exchanges in the Multifaceted Arbitration Environment

Technological Risks

- **Updated Software**
 - **Endpoint Protection**
 - **Secure Internet Connections**
 - **Secure web browsing and email**
 - **Data retention, loss recovery capability**
 - **Encryption**
 - **Remote Erasure**
 - **Secure cloud computing provider**
 - **Access Control**
 - **Network Segmentation**
 - **Audit Logs**
 - **Blacklisting**
 - **Secure Mobile Devices**
 - **Secure Storage Devices**
-

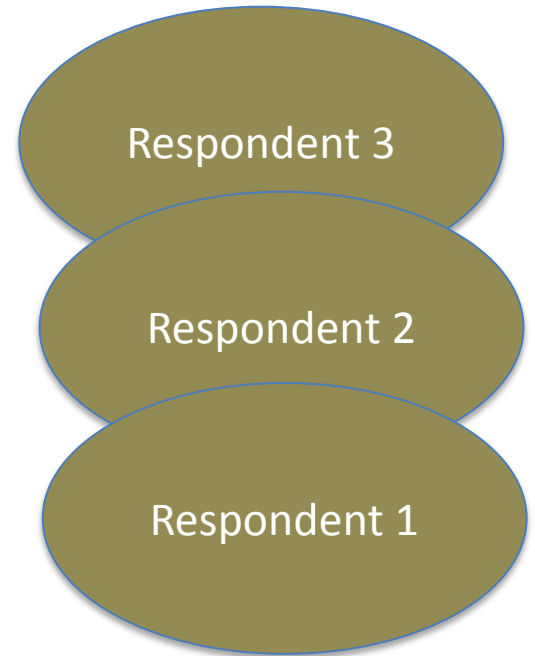

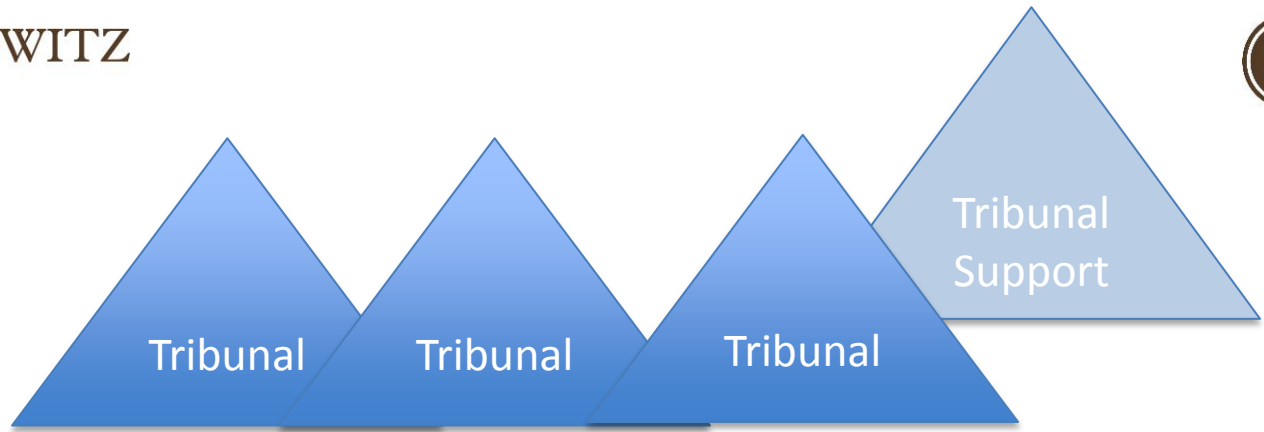

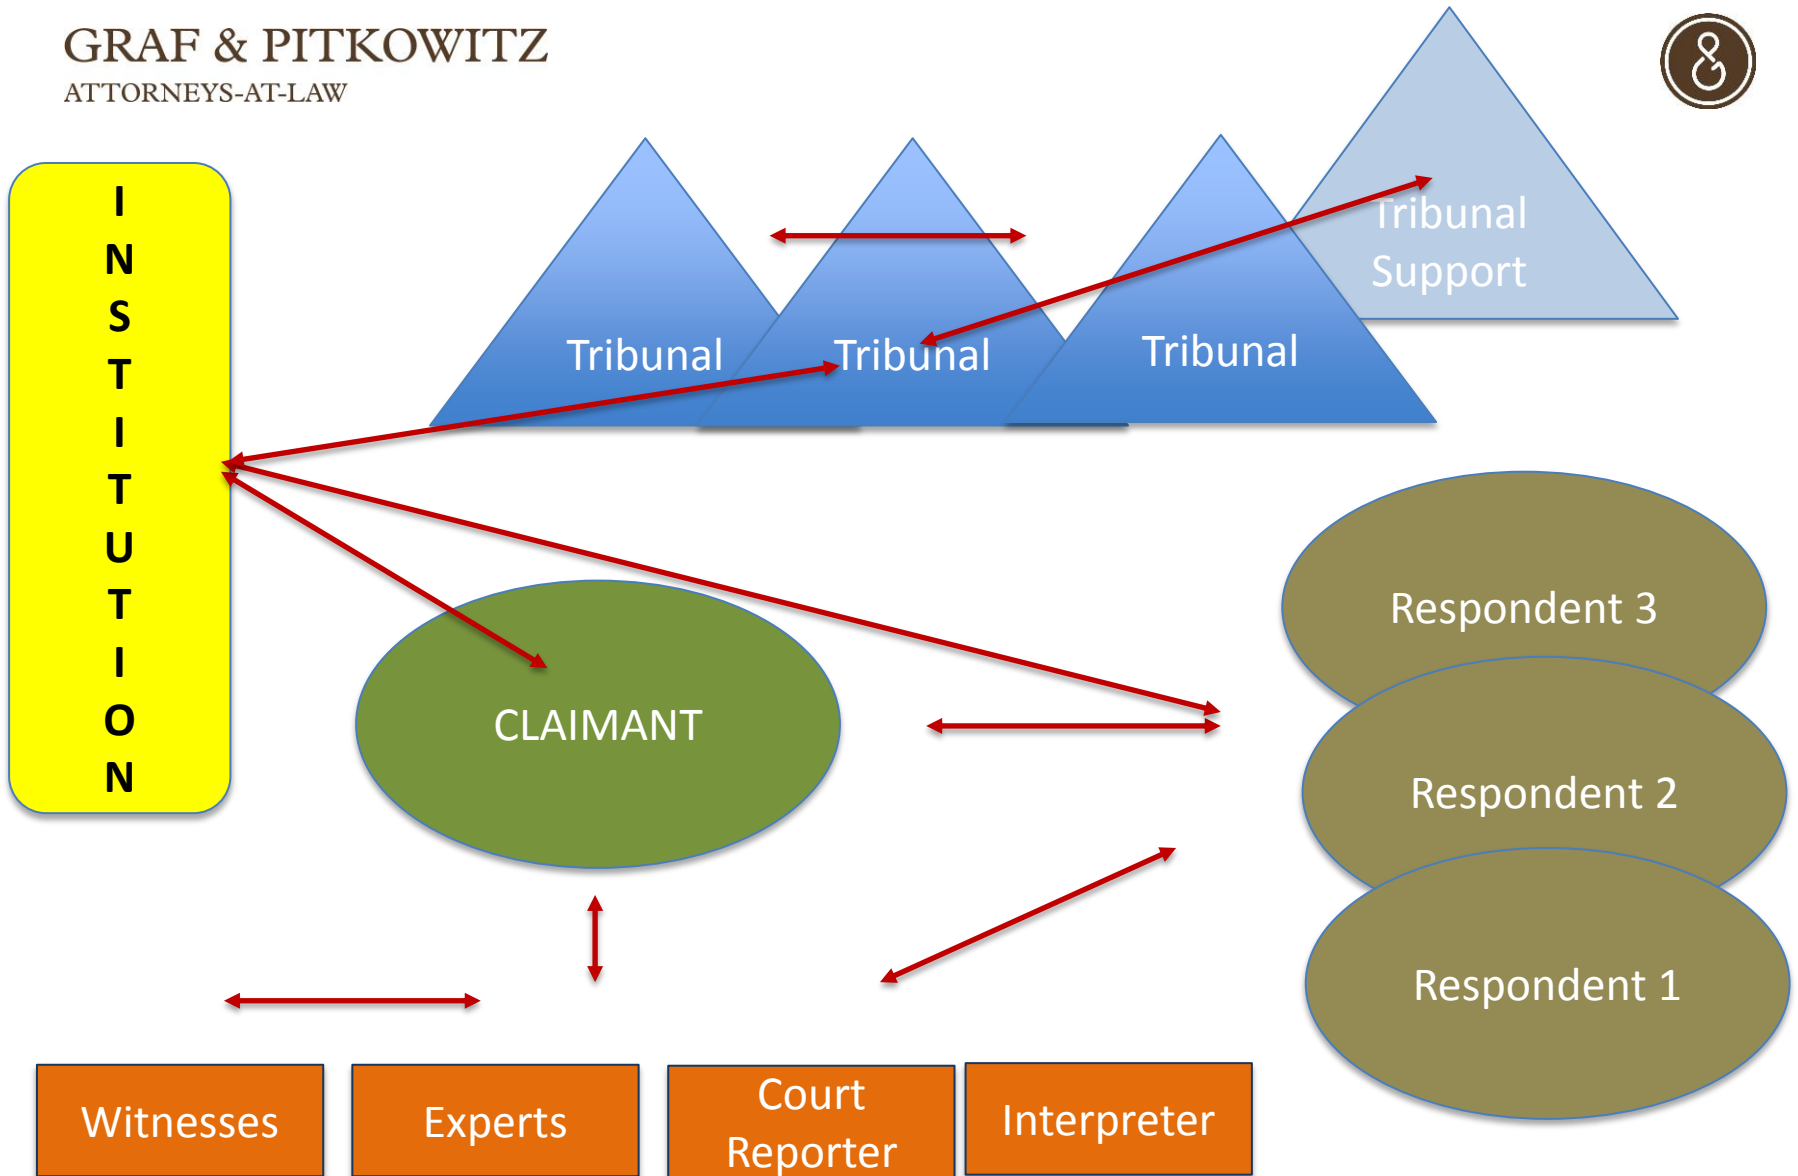

Organisational Risks

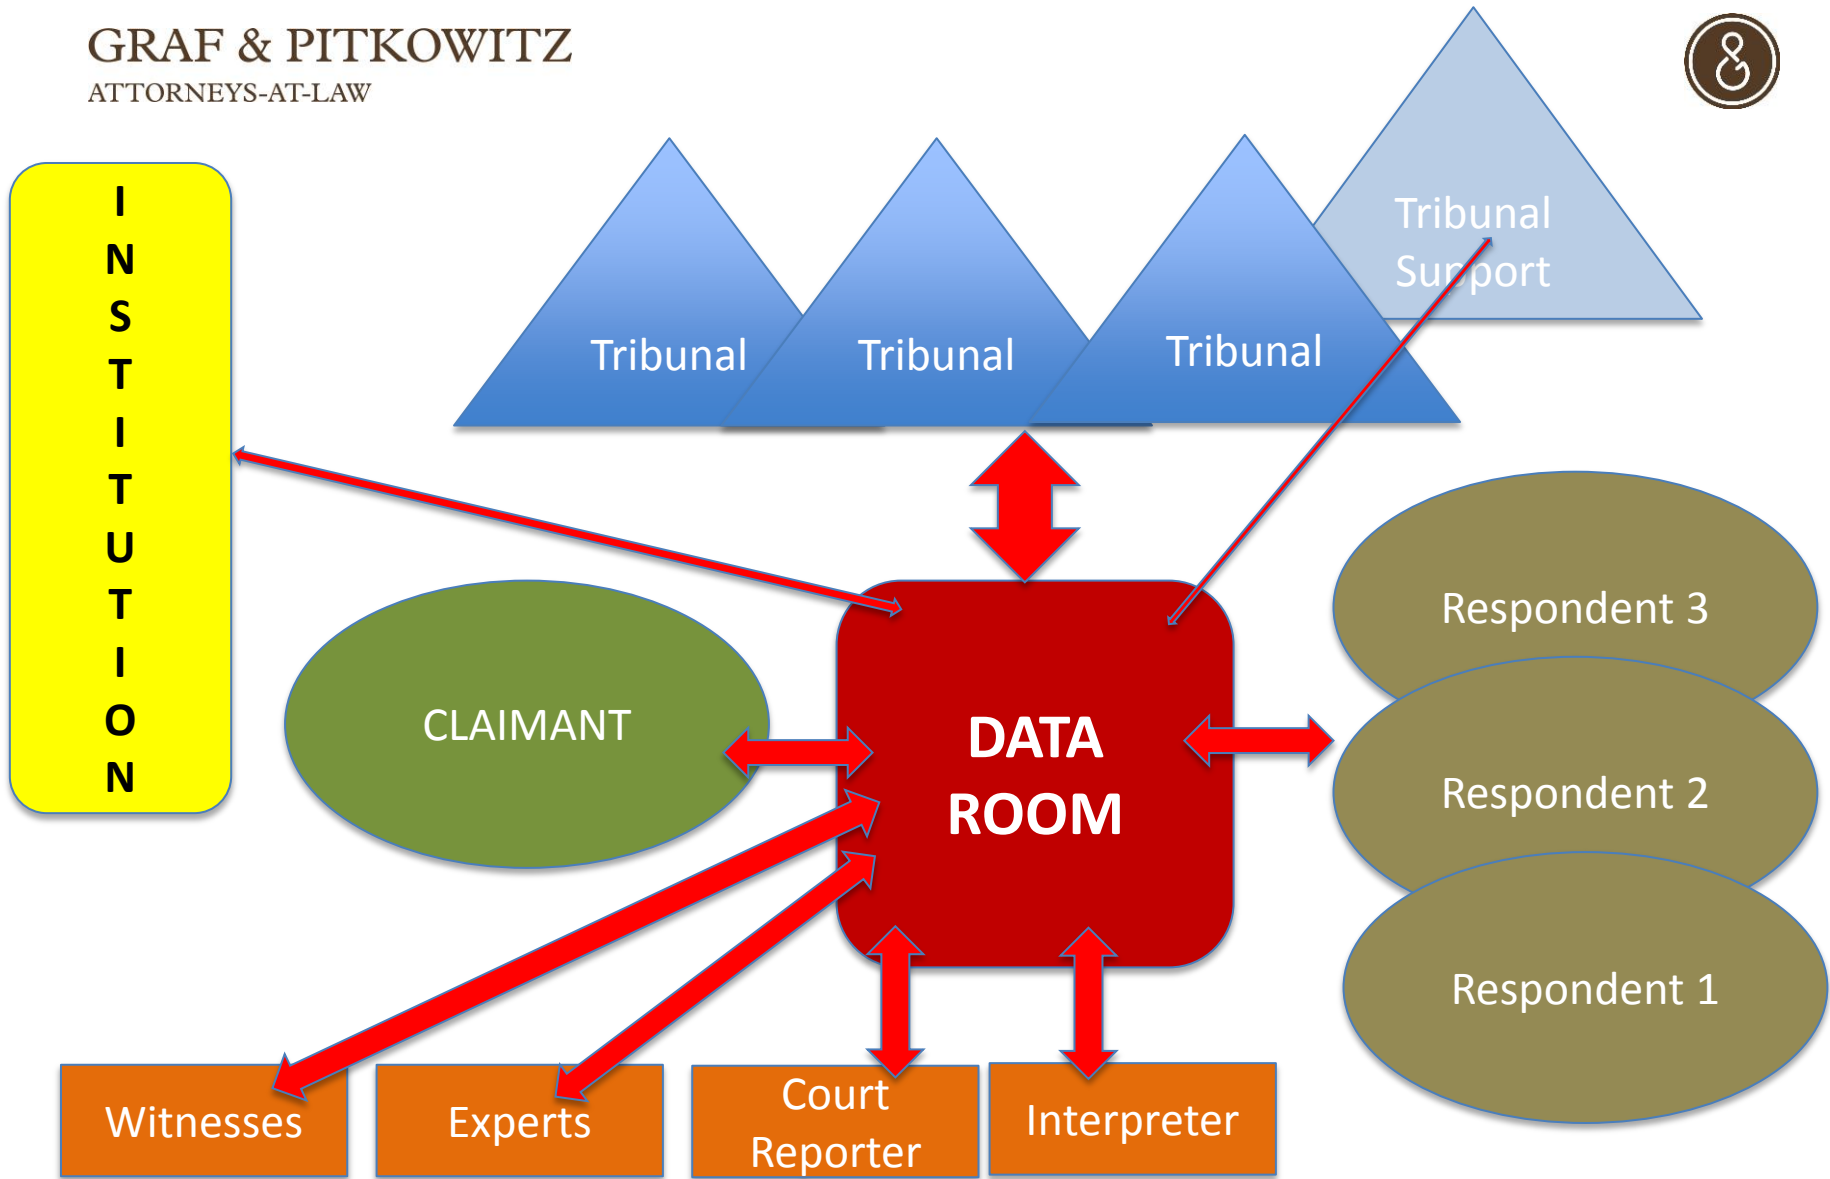

- **Username and Password**
- **Multi Factor Authentication**
- **Staff Education**
- **Identify Sensitive Data**
- **Regular Risk Assessment and Testing**
- **Cybersecurity Policy**
- **Business Continuity Plan**
- **Incident Response Plan (IRP)**
- **Legal and Regulatory Obligations**
- **Vendor and Third Party Risk Analysis**
- **Training and Testing**
- **Cyber Liability Insurance**
- **Information Sharing**
