# DEAR COLLEAGUES,

This year Cyprus welcomes us again, with a 2nd International Conference of the Ukrainian Bar Association “**Beneficial Business Structuring. Best legal advice on tax and commercial advantages in popular jurisdictions.**”

The convening of this Conference in Cyprus for the second year in a row represents recognition of the successful growth, dynamic development and expansion of the Ukrainian Bar Association. Moreover, it provides a useful opportunity for the UBA to maintain and strengthen its professional exchange with Cyprus and other European jurisdictions both within and outside the European Union.

The Conference is a highlight in the calendar of Ukrainian lawyer’s community. The speakers and participants from around the Europe make up a galaxy of talent which is rarely assembled in one forum.

We are in the midst of a transition from an international to a transnational or post-Westphalian political-economic system and are only gradually developing the modes of cooperation, institutions or even the language necessary to govern an integrated world economy effectively, establish efficient business relationship and structure the businesses smartly. To achieve such effectiveness lawyers, businessmen, experts and professionals constantly require the effective legal instruments on structuring and re-structuring their businesses in a most efficient ways by virtue of establishing and using the foreign entities and mechanisms, drafting shareholder agreements etc.

Our goal in organizing this Conference is also to ensure that whoever enters our event leaves with new instruments for the future success, better weapon for the struggle with economic crisis the businesses throughout the world are facing and useful contacts made at the event. And I am confident that we will achieve our goal.

Furthermore you will find many events on our schedule – formal and informal, educational and training, which our organization initiates and arranges, enabling our members and friends to take the best out of our cooperation – learn, grow, strive for success and prosperity.

## ABOUT LIMASSOL

Is the second-largest city on Cyprus, with a population of 176,900 (2005), the largest city in geographical size, and the biggest municipality on the island. The city is located on Akrotiri Bay, on the island's southern coast and it is the capital of Limassol District.

The sun, sea and sand aspect of Limassol has long attracted visitors from all over the globe to this sunny resort, but there are many more valuable attractions awaiting visitors of this town. Being the second largest town on the island, and largest sea-side resort consisting of a population of nearly 180,000 people, Limassol has so much to offer visitors as an all year round destination.

The city stretches between two of the most spectacular archaeological sites in Cyprus which are built on cliff tops offering spectacular views over the sea – the ancient city-kingdoms of Amathous to the east and Kourion to the west. Excavations from these sites have been held in such high accord that they are exhibited in museums such as the Louvre Museum in Paris and the Metropolitan Museum of Art in New York.

Limassol is a biggest port in the Mediterranean transit trade. It has also become one of the most important touristic, trade and service-providing centres in the area. Limassol is renowned for its long cultural tradition, and is home to the Cyprus University of Technology. A wide spectrum of activities and a great number of museums and archaeological sites are available to the interested visitor. Consequently, Limassol attracts a wide range of tourists mostly during an extended summer season to be accommodated in a wide range of hotels and apartments. There are also plans to build a large marina in Limassol.

Limassol is also situated in a perfect location between the two international airports of the island. Larnaca airport is approximately half an hour from the hotel while transfer time from Pafos airport is approximately 45 minutes. Flights into either of these airports from many destinations are easily attained and having the choice of both arrival airports makes it easier to find a flight.

Step aboard our air-conditioned bus for a magic journey through these unforgettable destinations:

– Lefkara Village: Positioned right on the edge of the Eastern Troodos, this village features narrow streets, newly restored stone architecture, small coffee shops and great shopping opportunities for traditional handicrafts such as silver jewellery and the world famous ‘Lefkaritika’ (hand-embroidered lace).

– Passing alongside numerous small villages, our journey continues Northwards through the outskirts of Lefkosia, the divided capital of Cyprus, and up into the elevated foothills of the Troodos Mountains. We climb above the clouds for fantastic views over Morphou Bay, the Kormakiti Peninsula, the Mesoria Plane and the Kyrenia Mountains.

– The world-renowned Kykkos Monastery is not only the richest (with its Golden Mosaics, Ancient Icons, various Religious Relics), but also the largest and most prestigious active Monastery in Cyprus. Don’t miss the famous icon of Panayia Eleousa (Most Merciful Virgin Mary), painted by St Luke and believed to “Produce miracles.”

– A traditional village winery for free wine tasting and an intimate behind-the-scenes look at the fascinating winemaking process.

On this tour, you will see and experience more of Cyprus in one day than many average tourists do in a week!

Strongly suggested: Modest dressing is required when visiting monasteries and churches, i.e. no shorts and low-cut tops.

Lunch is not included in the price.
